

A Classic Club for Contemporary Women

OUR CLUB

Ladies' provides a place for women to play, learn and enjoy a lifelong involvement with the game of golf in a private club setting. Established in 1924, Ladies' is the only golf club in North America owned and operated by women. The Club aims to provide players with a safe, well-maintained and environmentally friendly golf facility that can be enjoyed by Members and their guests, regardless of their level of playing ability. Situated in Thornhill, Ontario, it is easily accessible from highways 401, 407 and 404.

HISTORY

In the early 1900's, it wasn't easy for female golfers to get access to tee times and practice facilities. Our founder, Ada Mackenzie, who was a talented young golfer from Toronto, found a solution. During one of her visits to Britain, she noticed golf clubs that were exclusively for women. This became Ada's dream, to create a women's club in Toronto. After much hard work and fundraising, Ladies' Golf Club of Toronto Ltd. was established in Thornhill in 1924.

The club celebrated its 85th anniversary in 2009. Its fascinating history is commemorated in *The Ladies' 1924-1999*, written by Tim O'Connor for the club's 75th anniversary. More information about Ladies' is available at www.ladiesgolfclub.com.

Ladies' Golf Club of Toronto was ranked #8 in the Toronto Star Golf 2006 listing of top private courses in the GTA.

PLAY

The golf course at Ladies' is an 18-hole or 9-hole layout, and was designed by Stanley Thompson, a renowned Canadian golf course architect. The course was beautifully renovated in 2005-6 and was designed to favour a woman's game (long, rolling, fairly narrow fairways, no long carries and small greens) but men also find the 6000 yard, par 70 challenging.

GOLFING SECTIONS

To encourage friendships and give Members a weekly opportunity to compete or just play, Ladies' has golfing sections. Each section has a captain, a committee and a regular weekly draw time when games are put together for Members. Members may choose from a weekday or weekend 18-hole section, or a day or evening 9-hole section. Events include: section opening dinners, guest days, championships, match play or stroke play competitions.

PLAY

PRIVATE CLUB ALLIANCE

Ladies' belongs to the Private Club Alliance, which means that Members are welcome to play at The Briars, Meadowbrook and Royal Ottawa Golf Club. These tee times may be booked two weeks in advance and there is no charge for Members. If Members have guests playing with them, the relevant green fees will apply for those guests. Ladies' Golf Club of Toronto is currently looking to expand this list of reciprocal clubs.

PRACTICE FACILITIES

Ladies' offers excellent practice facilities, including a driving range off Bayview Avenue with unlimited balls and a short game practice area off Yonge Street which features a true green, chipping and pitching areas, uphill and downhill practice areas and a large greenside bunker. Nets, putting and chipping areas are also available near the Pro Shop.

LEARN

PRIVATE LESSONS

The professional staff at Ladies' is available for private lessons; areas of instruction include:

- player assessment
- golf fitness
